Real estate is in fact very localized. Market conditions can vary greatly by not only geographic area but also by price range, as demonstrated in the above chart. Find the price range of interest to you to track relevant market conditions, and contact me for a more in-depth analysis.
Months of Inventory (MOI) is a good indicator of market health, taking into account both current inventory and sales rates. As a rule of thumb, a market is considered “balanced” when Months of Inventory is around 6. As you can see by this map, market conditions can vary significantly by area.
